

Information for candidates attending the oral examination to Advanced Electrical Systems:

- The exam will be held online, in English, using the online application available at the following link: <https://bbb.unitbv.ro/ghe-1tc-q7y>
- It is highly recommended to use Google Chrome or Firefox to connect to the online application.
- The candidates must connect using a computer with microphone and webcam.
- All candidates are asked to test their audio-video connectivity before the exam, using the test application available at the following link: <https://bbb.unitbv.ro/ghe-mct-6je> (the test room is open all the times; on September 10, between 5 to 7 p.m., there will be available an online help for solving the unexpected connectivity problems).
- To access the online application, the candidates have to enter their family name and given name(s) in the available field and press Join.
- It is recommended to access the exam link 15 minutes prior the scheduled time. The candidates will enter in a waiting room, where the following message will be displayed „Please wait for a moderator to approve you joining the meeting”. Please refresh the browser if the message disappears (in case of long waiting times).
- After receiving the approval to enter in the conference room, the candidates must choose the option to connect with microphone. A speaking test will be prompted to check the microphone. In the conference room the candidates need to unmute the microphone and share the webcam by using the buttons available in the interface.
- The candidates must show to the webcam the ID card used for registration.
- The examination will consist in two parts, a brief description of a personal research project (e.g. diploma thesis) and a short presentation of the professional development plan, as detailed in the thematic: https://iesc.unitbv.ro/images/documente/admitere/tematica-master/SEA_Admitere_2020_tematica_ENG.pdf
- To support their presentations, the candidates are asked to upload two files (pdf format) to the admission website where they registered in the section Alte date/Eseu 1 and Eseu 2 respectively. The two files will be entitled *Surname_Name_Personal_research_project* and *Surname_Name_professional_development_plan*. Optional, the presentation can also be carried out using the Share screen option available in the online exam application.
